Fly - In Report

Bob DeVore put together a great report of the fly-in which I have included. In addition, at our next meeting (in August) we need to discuss specifics of the fly in and how we did with the food and other expenses.

Portland Area Builders First Annual Northwest Fly—In Report

Attendance Count: 200 +
Registered Airplanes flown in:

- 14 Spam Cans (There was probably more than this)
- 3RV-3's
- 26RV-4's
- 9RV-6's
- 4RV-6A's

It was a good turn out.

Winners of The Favorite RV's Flown to the Fly-in are;

- RV-3 N124CB - Curt Bryan of Enumclaw, WA.
- RV-4 N 988BB - Butch Milani of Medford, OR.
- RV-6 N 164MS - Mike Seager of Vernonia, OR.
- RV-6A N 321RJ - Allan Sandier of Ashland, OR.

Congratulations to the winners !

Special Thanks are in order to some people and firms who really helped make the fly—in a success.

- Janet Wentz
- John Ammeter (Editor of the Puget Sound RVator)
- Van's Aircraft
- Transwestern Helicopters
- Northwest Antique Airplane Club

The Fly-In was a great success. EVERYBODY pitched in and did a 100% + + + + job. Ideas and

questions are already being expressed and asked-about next years Fly—In. I thought I'd share a few things I heard at the Fly—In, from visitors, and our local members.

1. Are we going to have a Fly-In next Year ?
2. Food could be handled, and a meal provided by someone like the Civil Air Patrol, or the Lyon's Club for a fund raiser. We could still dispense soft drinks, to offset our costs of things like the portable toilets, etc.
3. The Scappoose Airport is a Great place to Host the Fly-In.
4. Schedule Judging earlier
5. Schedule a Swap Meet or auction
6. Schedule next years, 93 Fly—In as soon as possible to get the word out.
7. Are we going to keep it just an RV Invitational?
8. Place a person and/or committee in charge of organizing next years Fly—In as soon as possible.

I'm sure you also heard comments, and ideas expressed at the Fly—In as well. Lets discuss the ideas at the next meeting. On a personal note, I sincerely enjoyed the Fly-In. I hope we do it again next year.

Bob DeVore

=====

July Meeting:

Well, there won't be one. I really didn't have time so soon after our very successful fly in to put anything together, so we will shoot for a fly—in meeting in August in Vernonia.

=====

Calendar & Miscellaneous

- Don't forget, EAA Chapter 105 meetings are every month on the third Thursday, 7:00 PM at the PGE building, corner of Murray and Scholls Ferry Rd.

Tips & Tricks

Your article could go here ...

I have included a roster of all our members, I don't include this every month because of the size, but once in a while I think it may be useful. The mailing list is now up to about 70 people and still growing at the rate of several per month! I try to include some information with each builder when I have it about what they are building and what the progress is. The coding is PTWFE for Plans, Tail, Wings, Fuse, and Engine — — Capital letters to indicate completion. I am certain that there are numerous errors and omissions, as people let me know what the correct information is I will update the database.

Trading Post

- Landing lights for RV4/6/6A. Retrofittable, lightweight, clean, simple installation (under 6 hours). One or 2 lamp per wing versions. 55 Watt Halogen single unit \$69.95, double \$109.95 (add \$7 per lamp for 100 watt). Complete kit includes plexiglass lense, location templates, all mounting hardware (no switches/ wire), detailed instructions Don Wentz, 50641 Firridge Ave., Scappoose, OR 97056 503-543-2298 for information/price list and photos. \$10 discount for Builders Group members.
- KX170B Radio. Bonanza owner wants to upgrade. Has 2, one may be sold. Call Bob at 648-3697.
- Kefton Black has 1/2 of an end hangar available for an RV or similar plane at Scappoose, contact him at 621-3125.

The Portland area RV Builders Group newsletter is published more or less monthly. Subscriptions are \$8/year. 1st issue free for new builders. Mail subscriptions, ideas, tricks, and articles to the newsletter publisher:
