

## 2025 EAA Chapter 105 Poker Run

**Saturday, September 13, 2025**

At each stop you will either draw or be dealt a card. The dealer will then put his/her initials on the card and YOU will put your initials on the card. Each stop uses a different color marker.

There are a total of 6 locations dealing cards. You will be playing a 5-card hand. If you can't make it to an airport (weather, slow airplane, etc.) extra cards will be available at the last stop at Twin Oaks Airpark. Other than the first and last stops, go to these destinations in the order of your choosing.

**Fly Friendly:** Study Flight Guide for airport traffic pattern, noise abatement and unique hazards. Make standard radio calls on arrival and departure...airports will be busy. Keep in mind that some aircraft do not have radios.

Please bring a wrapped "white-elephant-type" gift (this does not mean junk 😊) and a dessert to share (if you can).

Have fun and please be sure to say "thank you" to those that are generously handing out cards for us. It makes this event so much easier!
